

## Sciences

| Subject   | Code   | Semester   | Credits | Language          |
|---|--------|------------|---------|-------------------|
| Carbonatic facies                                     | 20447  | 1st        | 5       | Catalan           |
| Demystified Chemistry                                 | 27138  | 1st        | 4.5     | Catalan           |
| Geochemistry and prospection                          | 20422  | 1st        | 7       | Spanish           |
| Geographical Information systems and images treatment | 101031 | 1st        | 4       | Catalan & Spanish |
| Geologic Engineering and geotcnics                    | 22594  | 1st        | 7       | Spanish           |
| Geotectonics  | 20427  | 1st        | 7       | Catalan & Spanish |
| Hydrogeology  | 20424  | 1st        | 5       | Spanish           |
| Invertebrates palaeontology                           | 20431  | 1st        | 5       | Catalan           |
| Metamorphic processes                                 | 20430  | 1st        | 5       | Catalan           |
| Ore deposits  | 20423  | 1st        | 5       | Catalan & Spanish |
| Palaeontology I                                       | 101049 | 1st        | 6       | Catalan           |
| Siliciclastic facies                                  | 20446  | 1st        | 5       | Catalan           |
| Stratigraphy I  | 101064 | 1st        | 6       | Catalan           |
| Structural Geology II                                 | 20434  | 1st        | 5       | Spanish           |
| Basin analysis  | 20426  | 2nd        | 7       | Catalan           |
| Crystallography                                       | 101059 | 2nd        | 6       | Spanish           |
| Crystallography II                                    | 20433  | 2nd        | 5       | Catalan & Spanish |
| Environmental geology                                 | 20425  | 2nd        | 5       | Spanish           |
| Fieldwork (Endogenous) II                             | 20435  | 2nd        | 5       | Catalan & Spanish |
| Fieldwork (Exogenous) II                              | 20436  | 2nd        | 5       | Catalan & Spanish |
| Geomorphology I                                       | 101063 | 2nd        | 6       | Spanish           |
| Geomorphology II                                      | 101062 | 2nd        | 6       | Catalan & Spanish |
| Geophysics and prospection                            | 20421  | 2nd        | 7       | Spanish           |
| Igenous processes                                     | 20429  | 2nd        | 5       | Spanish           |
| Micropalaeontology                                    | 20432  | 2nd        | 5       | Catalan           |
| Palaeontology II                                      | 101048 | 2nd        | 6       | Catalan           |
| Sedimentology   | 101061 | 2nd        | 6       | Catalan           |
| Chemistry of the Earth                                | 101060 | Whole year | 10      | Catalan           |
| Current Trends in Mathematics                         | 100127 | Whole year | 6       | English           |
| Foundations of Chemistry                              | NP     | Whole year | 15      | Catalan           |
| Geologic mapping                                      | 101040 | Whole year | 10      | Catalan & Spanish |
| Mineralogy  | 101058 | Whole year | 10      | Catalan & Spanish |
