

Name: Jonathan Sjoberg

Nationality: Swedish

Course: Diploma of Graphic Design (Multi-Media)

Career Outcome: To build my own Multi- Media Design business.

“Brisbane is a very nice city particularly for students as it is very cheap to live and has a great community. The Multi-Media course covered everything I needed to increase my skills to a professional level. The Martin College teachers were very approachable and friendly. I had so much fun studying Graphic Design at Martin College and will go back home ready to build my own business”.

“Martin College provides fast in-depth knowledge allowing me to feel ready for the workplace. My Advanced Diploma of Business Management has allowed me to gain a very strong understanding of business and guided me into the exploration of business management strategies. This practical style of teaching is exactly why I chose Martin College.

I have met wonderful people throughout my Martin College journey, from other students and teachers to very helpful student services staff.

I know my long term career future is more secure because of my fun and rewarding experience at Martin College”.

Name: Solene Roelandts
Course: Diploma of Business in Events Management
Nationality: French
Career Outcome: Going back to France to start University

“Martin College provided me with an amazing opportunity to study Events Management. Because the course has a short 6 month period it has a very practical curriculum that focuses on giving the student industry skills to be ready for employment. Students can study for 6 months and then get a full time job – how exciting. The timetable is also flexible enough so that you can have a Part Time job. The teachers at Martin College have so much Events Management industry experience, so it’s been lots of fun to learn from them”.
